Lady and the Tramp

Disney Dreams Collection

Lady and the Tramp is filled with family, adventure and newfound love. The American Film Institute has recognized the film as one of the top 100 most passionate movies of all time. The blossoming relationship between “Lady”, an innocent and beautiful cocker spaniel and “Tramp”, a roguish mutt from “the wrong side of the tracks” is recounted in this 1955 full-length feature production, which was the 15th of Walt Disney’s classic animated films. All of the unforgettable characters and moments in the film are captured for the enjoyment of the Thomas Kinkadee collector. Who can forget the moment when they cemented their love for one another? The lights glow as the sun sets on this beautiful Victorian city. The flowered foreground and the explosions of color in the foliage are homage to the romantic realism of the film. The nuanced panorama as a whole will engage the viewer again and again as hidden details are newly found. Thomas Kinkadee Studios’ **Lady and the Tramp**, an epic narrative of the classic Walt Disney film, will delight fans of all ages.
