PAINTER OF LIGHT

## Sleeping Beauty

“Sleeping Beauty” is my eighth creation in the Disney Dreams Collection, and is the most lavishly detailed of the series that I have painted to date. My painting is filled with the enchantment of the original story. From the woodcutter’s cottage where Briar Rose was hidden by the three good fairies to the magnificent castle where Princess Aurora would awaken to “love’s first kiss” . . . then in the distance we see the climatic fight between the good Prince Phillip and the evil Maleficent in dragon form; I’ve interpreted the entire story in a narrative panorama for all to enjoy. Of course central to the painting, and as testament to the strength of true love, we see the prince and his awakened beauty in each other’s arms as friends great and small gather in celebration of their undying devotion. Whether you are a fan of “Sleeping Beauty” or simply an unabashed romantic who believes love conquers all, enjoy this painting as my gift to you!

Fans of Disney and of my other traditional work should also find numerous details in “Sleeping Beauty” to satisfy their collector’s heart. The flowers and trees were completed in my classic style in an effort to delight the fans of my garden creations. The heightened depth of field I created through the use of the dramatic evening sky, the quaint village and the towering castle should please those who enjoy my vista scenes. And finally, for the Disney enthusiasts, all seven images of my prior Disney Dreams Collection are represented on this canvas. I hope you enjoy trying to find my homages to “Bambi”, “Beauty and the Beast”, “Pinocchio” and the rest that are hidden. Look closely! I promise they are all there. I also promise that I will continue our journey together into the heart of other classic cinematic masterworks that so define the magical world that Walt Disney wished to provide to children of all ages.

- Woodcutter's Cottage where Briar Rose was raised and hidden by the three good fairies is at the center of the image.
