*The Village Lighthouse*  
*Seaside Village I*

I walk and bicycle along paths that hug the seashore, searching for wonders, and I'm seldom disappointed. I may see waves crashing onto a rocky coast or a stalwart lighthouse standing as a lonely sentinel on the shore. I often discover a quaint little village nestled snugly among the cliffs.

**The Village Lighthouse** portrays one such discovery I made on a seaside stroll in England. The town mirrors the shore in many ways; the stalwart cottages are built of the same granite that rises in cliffs from the sea. The ancient public house in the village offers shelter, as does the lighthouse that stands so proudly on the distant headland. A radiant glow of sunlight bathes the village, touching the magnificent flowering dogwood and lavish stands of foxgloves and impatiens with light, just as it illuminates the waves that dance over the face of the ocean.

Seagulls soar over land and sea. Wisps of spray rise from the waves as plumes of smoke ascend from the chimneys. Land and sea, man and nature are in perfect harmony here. If you are in harmony with this scene, you may even sense the rise and fall of waves, and smell the salt sea air.

— THOMAS KINKADEE

# KEY POINTS

1. Thomas Kinkade has hidden twelve N's in **The Village Lighthouse** as an ongoing tribute to his lovely wife, Nanette.
2. **The Village Lighthouse** is the first release in Thom's new *Seaside Village* collection.
3. The resilient lighthouse in Thom's latest painting stands steadfast on the shore, faithfully guarding over the peaceful village.
4. In **The Village Lighthouse**, nature is in perfect harmony as the water and sky seem to blend together, making it difficult to tell where one ends and the other begins.

## EDITION SIZE AND AT ISSUE PRICING\*\*

NOTE: For Automatic Shipments, *The Village Lighthouse* is a Small, Medium, and Large in the Epic Model. Epic size (30" x 40") is available to Showcase and Signature galleries only.
